MADAM SPEAKER :—I think the House agrees with the report.

The question is :

“That this Assembly agrees with the twenty-third report of the committee on Private Members Bills and Resolution”

*The motion was adopted*

### STATEMENT BY THE MINISTER FOR AGRICULTURE AND ANIMAL HUSBANDRY

*Re : Procurement and Distribution of Varalaxmi Cotton Seeds.*

SRI N. CHIKKE GOWDA.—(Minister for Agriculture and Animal Husbandry):—I wish to make the following statement.

During my reply to the discussions on the demands of Agriculture Department, I had promised this house that I would make a statement regarding the policy of Government in the procurement and distribution of Varalaxmi Cotton Seeds. I had also given an assurance that the Government would do its best to help the Varalaxmi Seed growers.

I am glad to inform this house to-day that Government have finally decided to procure the entire quantity of Varalaxmi Seeds produced in the State through the Karnataka Agro Seeds Corporation and the Karnataka State Seeds Co-operative Marketing Federation. These two agencies on behalf of the Government would purchase in a phased manner the entire quantity of Seeds produced and which conform to accepted standards. Since the agencies would require a large amount of finance to undertake this operation. Government have decided that these two agencies would make only an initial payment of Rs. 10/- per Kg. to the seed growers. Thereafter, the sale proceeds of the seeds would be passed on to the producers after making adjustments for handling, interest on loan, and any other charges incurred by the agencies.

I am sure all seed producers would be satisfied with the terms now offered by Government. If any grower is not agreeable to these very attractive terms, the seeds produced by him would not be certified and as a corollary, would not be procured by the State agencies.

The final retail price of these seeds has been tantalitively fixed at Rs. 175/- per Kg. This selling price will be constantly reviewed based on the market conditions previling. If any upward revision to the selling price is called for, then it would be so done. Government will also no hesitate to reduce the selling price if the market conditions so demand so to prevent accumulation of stocks and consequent loss by way of long storage

and other charges. The said two state agencies would share the procurement work equally between themselves. Government would be shortly issuing them directions to proceed with the task.
